

Finding What You Love

Intent –

Finding what you love is the principle we apply to our curriculum and wider opportunities at Park, there are an incredible range of activities on offer.

Our enrichment opportunities for students allow them to spark an interest and develop a passion. Our enrichment programme incorporates a variety of in school and after school activities from across all areas of the school.

Implementation –

Much More Than –

Our Much More Than carousel will run across the year for students in years 7-9. With this experience you will take part in the activities below:

Horticulture and animal care at The Farm - Students spend time at the small holding, developing teamwork and problem-solving skills. This includes growing new crops maintaining beds and basic animal care.

Enterprise at Park Design and Print: Students will learn about design and printing processes and apply these to create and produce their own design - exercise books, mugs and much more.

Construction skills at The Apex Centre: Students experience basic construction skills including plastering and some bricklaying. This includes preparation and tidying.

Media skills in The Media Suite: Students learn about the production skills in the suite and apply the to a simple podcast or recording interview.

Catering in The School Kitchen: Students experienced life in a working kitchen, learning basic food prep skills and contributing to preparing food for our school community.

Student ambassador roles –

Student ambassadors work across a range of subjects including reading, STEM, Sport and Performing Arts. As ambassadors you are able to work with primary schools, support Park school events and partake in a range of visits.

Trips –

You can attend YES! Trips on Saturdays, university and college visits, as well our annual trips to New York, Barcelona, Paris, and Poland. There are also exciting opportunities to travel to India and China.

Extra-curricular enrichment clubs –

Extra-curricular clubs run daily at Park. Our weekly clubs include activities such as, chess, robotics, fitness and geology. In addition, you can join our Greenpower team, participate in school performances and sport teams to find what you love beyond the classroom.

Enrichment opportunities include -

<p>MMTJS –</p> <ul style="list-style-type: none"> - Farm - Apex - School Kitchen - Media Suite 	<p>School Clubs –</p> <ul style="list-style-type: none"> - Sports clubs - Performing arts clubs - Art / textiles / photography club - Reading club - Computing clubs - Technology clubs - Swimming lessons - Homework clubs - Other 	<p>Representing Park –</p> <ul style="list-style-type: none"> - Representing in Sport - Representing in Dance/Drama/Music - School show/production - Green Power team - Debating team - As an ambassador - Other
<p>Trips –</p> <ul style="list-style-type: none"> - School trip – day - School trip – residential - YES trip - Other 	<p>Other opportunities –</p> <ul style="list-style-type: none"> - Visiting performance - Author talks - Rock to the beat - Power of Music - RAP project - Visited colleges - Careers meeting - Girls Network - Attending study hall - JET project - Student voice / tutor rep - Employed by the school - Other
