Dear Parents and Carers

Pre- Information about Year 9/10 trip to China in March 2027

I delighted to let you know we have been able to secure the opportunity for Park students to go to Beijing, China and study at a school there in March 2027.

This is part of our ongoing international collaborations with China and India which have enabled us to welcome many international children to Park for school immersion and have Park students' study in India and China over the past two years.

Unfortunately, Turing funding, which we successfully gained and used to heavily subsidise previous trips, has now ended. This means that the approximate cost is likely to be £1200.

The trip will be for 25 students from Years 9 and 10 to visit Beijing, study in two schools there and experience the Great Wall of China and other sights.

Students will be invited to apply for places on the trip in September and we will hold a series of parent and carer information sessions too. It is likely that there will be more applications than we have spaces for, and this process will be explained in the new term.

No action is required on your part now, but if your child is likely to apply and you are supportive of this, I know the advance notice of likely dates and cost will help you plan. A payment plan for successful applicants can be put in place once names are confirmed and deposits paid.

Yours faithfully

Ella Capaldi
